

Omega

Peacemaker
Is what I am
Kindhearted too

Submissive to my fellow wolves
Always at the bottom
Always last to eat

I am the nice one
Rarely get into a fight

Everyone likes me
What isn't there to like?

I am playful.
I release tension.
I make the pack feel like they are important.

Always hungry
I eat last
If I eat before my turn,
someone will attack me.

I don't fight back
Never have
that will just cause distress.

Being on the top is my goal in life
Beta would work too
I probably won't get there
Anywhere, but on the bottom.

I am an omega wolf
Always was, always will be
